A Community Without Barriers

On Sunday, October 4, Dr. Tom Robinson, senior minister of the Manhattan Church of Christ, will be with us. In addition to serving the church in Manhattan, Tom is a respected New Testament Scholar. He will teach the Sunday morning class, preach during worship, and answer questions during lunch time on the role of women in the church. Please make plans to join us as we engage this complicated, but important issue with Tom. For more information you can view the Manhattan Church's resource page on their website: www.manhattanchurch.org/resources.asp.

When this congregation was founded in 1983, the members felt it was important to identify the core of Connecticut Valley's identity. After much conversation and prayer, the group compiled a list of *four undeniabes*. There was no intention to reduce these four items to the only identifiable characteristics of Christians or members of CVCC, but these defined the core beliefs of the church. In a world where there are infinite choices to define one's belief in God and thus, one's view of God's people, these four undeniabes ground our congregation in our relationship to God and our connection to God's people. During the month of September, we will explore these four beliefs that should still define CVCC as a people of God.
