Description of new Sermon Series:

In the 2nd and 3rd chapters of Revelation we possess letters to seven churches in Asia. These letters from Jesus himself demonstrate both the positive and negative characterizations of churches. These churches exist in a culture where they are not mainstream. They have to learn to carry out their mission despite polarization and even forms of persecution. However, in keeping with the overall message of Revelation that God will be victorious, Jesus' reminds these churches they must continue to serve God no matter the circumstances. For the next couple of months we will listen again to Jesus' own directives for the church.
